

The Escape

4

Escape into your world

2

The Escape incorporates the essence of 'coastal cool', allowing modern families to 'escape into their own world' while providing the necessary features for everyday living.

External kit from:
\$80,155

Ideally suited to modern families with 15m frontage/blocks, the Escape is available with 3 elevations including the "Retro", "Traditional" and "Rustic."

Internal kit from:
\$49,536

Kit Homes are ideal for urban or rural areas offering attractive design, coupled with functional architecture. A Kit Home can be designed and erected in a matter of weeks with modern features and additions such as home gyms, theatre rooms, spas and gourmet kitchens.

Kit homes are created with owner building in mind and offer an affordable housing solution to suit you and your family. Kit homes offer pre-fabricated components typically ideal for residential housing, which are more cost effective, as well as quicker to build.
